

BROUGHT TO YOU BY ST. ANNE'S-BELFIELD SCHOOL  
AND UVA CURRY SCHOOL OF EDUCATION

# COMPUTER SCIENCE INSTITUTE

The purpose of the CS Institute is to help K-12 educators from all disciplines learn about computer science and find ways to incorporate it into their teaching. Along the way, we will:

Demystify computer science;  
Build a regional computer science education community;  
Increase access to CS for all students

**July 22-23, 2019**  
**Charlottesville, VA**

The CS Institute is free to attend. Lunch and snacks will be provided.  
Find registration and more information at [summerspark.stab.org/educators](http://summerspark.stab.org/educators)  
or contact [spark@stab.org](mailto:spark@stab.org).
