# EXPERIENCE OUR 3-WEEK ELL SUMMER CAMP

## ACADEMICS

The three-week Summer English Language Learners (ELL) Camp is designed to provide students with the opportunity to culturally immerse themselves while improving their English skills. Our curriculum is differentiated in order to accommodate various levels of English fluency. In addition to English classes, students will have the opportunity to enjoy computer science and art classes. All work is assigned based on individual assessment and progression.

## ACTIVITIES

To complement the learning that takes place in our classrooms, we schedule daily physical activity each weekday as well as weekend excursions designed to culturally enrich and entertain students. Weekday activities take place after the last class of the day on campus and at other locations in the Charlottesville area. These activities include swimming, soccer, tennis, and other team games geared to foster lifelong fitness and teamwork. Friday night and weekend activities take students off campus to experience other adventures offered by the beautiful state of Virginia. These activities include trips to Monticello (the home of Thomas Jefferson), amusement parks, local outdoor attractions, performances, as well as a summer-culminating weekend trip to Washington, D.C. to see some of our nation's most noteworthy memorials, museums, and government buildings.

## RESIDENCES

Students live on our Greenway Rise Campus in our attractive and spacious boarding facilities. Our dormitories are arranged in suites hosting four to six students. Depending on the size of the room, two or three students live in one room on either side of a shared bathroom.

## TUITION: \$4,500

Covers all expenses (transportation to/from Dulles Airport in Washington, D.C., lodging, food, camp activities, and health insurance) except airfare and personal spending money.
